DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel non-elected claims 1-7.

This application is in condition for allowance except for the presence of claims 1-7 directed to an invention non-elected without traverse. Accordingly, claims 1-7 have been cancelled.

Allowable Subject Matter

Claims 8-15 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a non-volatile semiconductor memory device including an array of memory cells comprising all of the limitations of claim 8 in combination, wherein the source contact is of different

dimension than each drain contact of the row of drain contacts. Therefore, independent claim 8 is deemed allowable along with its dependent claims 9-15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
